Subject: FDIC review of Wal Mart

1. I hate your phone system - prompt after prompt - I gave up.
2. Wal Mart should NOT get a charter to run a bank.

Wal Mart has history of short-changing the "process" to avoid providing health care to employees, not providing a livable wage, wage difference by gender, etc.

This company has no compassion or mercy in understanding their duty to the community or employees.

I vote NO to the charter - this company does not need to get bigger to only find other ways of cheating the tax payers of America.
